

ATBC + SCB Africa Meeting, Arusha 2011

Organised Fieldtrips

Lake Manyara, Serengeti & Ngorongoro Safari, 17 - 20 June 2011

Description:

This trip focuses on the three most incredible parks in Tanzania, two of which are listed among the natural wonders of the world. You've read about them, you've seen the documentaries, you've dreamed about visiting them since you were a child, and here is your opportunity. But you must rush back to your duties and commitments elsewhere and can only spare a few days...

Total duration: 3 nights, 4 days

Itinerary: We'll head out of Arusha early and straight to Lake Manyara on **day one**, to arrive in time for a game, and over night in the Park. Next day, we'll head off to Serengeti NP, arriving there on time for an afternoon game drive. **Next morning**, we'll be up at the crack of dawn heading to observe the wildlife

as they finish off night routines and start their morning schedules. If we are lucky, we might catch a predator stalking a kill, or devouring the previous' night catch. On **the third day** we will head for Ngorongoro Conservation Area, stopping for a picnic lunch at Olduvai Gorge where Dr. Leakey found his Lucy. On **the last day**, we'll spend the entire day in Ngorongoro Crater oing and aaahing and wishing we never had to leave.

Requirements: None

Group size: Flexible but for minimum cost, we'll need enough people to fill at least one vehicle (5 participants).

Cost per person [note this has changed]:

\$805 (5 pax shared accommodation, camping) OR \$1060 (5 pax shared accommodation, lodges) OR \$1610 (1 pax camping) OR \$1870(1 pax, lodges). Costs includes: transport, accommodation, food, park fees. It excludes your non-H₂O consumption at lodges and gratuities for your guides.

Book now! Complete the [Fieldtrip Booking Form](#).

Inquiries: Email: fieldtrips@atbc-scbafrica2011.org

Equipment and preparation: Don't forget your binoculars!
